of The Year by NASFT!

SPEC'S Cheese of the Week

Swiss Alp Panorama

The purest Swiss milk and a selection of the finest alpine herbs make up this unique cheese. Made using traditional Swiss methods, Panorama is carefully matured over a period of months in a coating of top-quality herbs. It is this process that turns Swiss Alp into a unique and naturally aromatic cheese experience. While the herbs are only visible in the edible outer coating, the whole cheese is infused with their aroma.
